COVER DESIGN AND FILE SETUP/SUBMISSION - \$500

Cover design includes two unique design options to choose from. All images or fonts are either created by DoxaNoûs Media or they are selected from a library that DoxaNoûs Media has license to use or from a library that utilizes a Creative Commons license for commercial use. Any special or licensed images or fonts you wish to use must be provided to us with a statement demonstrating you have the authorization to use said images. Upon final selection, you will be provided with a high resolution (300dpi) and thumbnail sized jpg of the front cover and the full cover. We will also provide you with a PDF version of the full cover for file submission. We can even help you submit the files.

COVER FILE SETUP/SUBMISSION (WITHOUT DESIGN) - \$250

If you already have a cover designed, we can help you with the file setup to prepare your cover submission to your printer or publisher. We'll work with you to make your cover fit your trim size, work with bleeds, spine width, font selection (many are copyrighted and require licenses for commercial use) and placement, and we can even help you submit the files.
